Hey [First Name], this is something I have been itching to say for years. I'm so happy I can finally spread the good news

Before, it was like every time we spoke all we did was argue – we didn't get along, I never felt heard.

I used to wonder why things were like this, and what can I do to make it better?

### **Could I make it better?**

For some reason our bond only got worse, I had to try a different approach.

And it actually worked!

We went from avoiding conversations – to her calling me everyday when she gets off work

I've spoken with thousands of mothers that related to my story and were in need of help – are you one of them?

If you are looking to improve your relationship with your kids, why haven't you yet?

**The Bridges and Bonds Group Coaching Program** will teach you everything you should've already known about relationships.

Because who can help you more than someone that has already been in your shoes?

Just because things like this take time, it doesn't mean it can't be done.

Say goodbye to getting the cold shoulder!
